April 13th, 2021

Dear Cardinal Systems Customer:

Cardinal Systems is experiencing unprecedented delays and price increases with virtually every raw material we consume. The recent freeze over in Texas has exacerbated the situation on many plastics that were manageable earlier in the year. Based on these increases we are seeing, we will be implementing the below pricing increases effective on all orders shipped on or after June 1st 2021:

- **Cardinal Polymer 10%.**
- **Luxury Spas will increase 5%.**

Cardinal remains committed to our industry partnerships and is working hard to increase production and reduce our lead times.

Sincerely,

A handwritten signature in cursive script that reads 'Derrick J. Hendricks'.

April 15th, 2021

Dear Cardinal Systems Customer:

Cardinal Systems is experiencing unprecedented delays and price increases with virtually every raw material we consume, the steel market has been no exception. We have recently been hit with multiple price increases and can no longer absorb these increases. Based on these increases we are seeing, we will be implementing the below pricing increases effective on all orders shipped on or after June 1st 2021:

- **Cardinal Steel - 15%**
- **Cardinal Ultimate Pools - 15%**

Cardinal remains committed to our industry partnerships and is working hard to increase production and reduce our lead times.

Sincerely,

A handwritten signature in cursive script that reads 'Derrick J. Hendricks'.
