March 31 2021

Dear Customer,

As we are sure you are all aware, we have been seeing a large demand on pool products and building products for over one year now. This demand has been outpacing our supply leading to delays in manufacturing, raw material supply as well as price increases in material and transport costs. Up until now until now we have been able to absorb these added costs, however effective immediately we will be increasing all pricing by 3%.

We hope to be able to hold this price however there are no guarantees there will not be further price increases.

This price increase will not affect orders already placed, as many of you have done for the balance of the season.

We appreciate your support and your continued patience in these unprecedented times.

Stay safe.

PRAHER PLASTICS CANADA LTD.

Jacqueline Lavis

Controller/Sales Manager
